Optional & Additional Features

Railings of all sizes and configurations can be produced but as standard are supplied level and in panel widths at 2750mm. The following options are available on request, but would incur extra over costs :-

- Special Length Panels / Cut Bays
- Curving / Radiusing of Panels
- Raking of Panels

Finish Options

All items can be supplied in a range of various finishes from self-colour only, hot dip galvanised to BS EN ISO 1461 and a powder coated finish to BS EN 13438 in a wide range of RAL colours.

Custom posts available on request.
