

Safety Data Sheet

according to Ordinance (EC) No. 1907/2006

Date: 29.08.2008
Revised on: 17.07.2007

Trade name and product number: Art. No. RAU-PVC 9508

Manufacturer/supplier: REHAU AG+Co.

1. Identification of the substance/preparation and of the company/undertaking

Trade name: RAU-PVC 9508

Usage: Extrusion or injection moulding of soft PVC articles, for commercial use only

Supplier: REHAU AG + Co
Otto-Hahn-Strasse 2
D-95111 Rehau

Tel.: 09283 77 0
Fax: 09283 1016
E-mail: sdb@REHAU.com

Emergencies: +49-(0) 9283 77-0 (available Mo-Th from 7.30 a.m. to 5.15 p.m. ,
Fr from 7.30 a.m. to 3.45 p.m.)

2. Hazards identification

Unknown.

3. Composition/information on ingredients

Plasticiser-bearing polyvinyl chloride, compounded and granulated

4. First aid measures

n.a.

5. Fire-fighting measures

Suitable extinguishing agent: Water spray, foam, carbon dioxide, dry extinguisher, sand

Unsuitable for safety reasons: Hard water jet

Specific hazards: Smoke and vapours which can contain hydrochloric acid and carbon monoxide, do not inhale.

Special safety equipment: Air-supplied respirator

6. Accidental release measures

Mechanical collection and disposal in an orderly manner.

7. Handling and storage

In thermal processing, provide an extractor for the vapours or sufficient ventilation.
Dry storage at room temperature

8. Exposure controls/personal protection

Specific protection and hygiene measures are unnecessary when handled as directed (see Item 7).

9. Physical and chemical properties

Form: granules Colour: Odour: weak

pH value: n.a.

Changes in state: softens above 60 °C

Flashpoint: n.a.

Spontaneous ignition: n.d.

Explosion limits: n.a.

Vapour pressure: n.a.

Density: > 1

Solubility in water (20 °C): insoluble

Safety Data Sheet

according to Ordinance (EC) No. 1907/2006

Date: 29.08.2008
Revised on: 17.07.2007

Trade name and product number: Art. No. RAU-PVC 9508

Manufacturer/supplier: REHAU AG+Co.

10. Stability and reactivity

Conditions to be avoided:	n.a.
Substances to be avoided:	Strong oxidants
Hazardous breakdown products:	Hydrogen chloride

11. Toxicological information

No data is available for the preparation. No hazard is anticipated in the existing form.

12. Ecological information

No data is available for the preparation. No hazard is anticipated in the existing form.

13. Disposal considerations

Disposal according to local regulations. Waste code 160119 (plastics)
Sorted recycling is possible

14. Transport information

Not a hazardous material under transport regulations

15. Regulatory information

Marking according to EC directives: Unnecessary

16. Other information

The information above represents the current degree of our knowledge and experience. It is intended to describe our product with regard to any safety requirements, but is not a guarantee of its properties or a description of its quality.

Revision status: first edition
